**FIRST AMENDMENT AND RESPONSE TO
OFFICE ACTION MAILED 09/13/01**

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Applicant responds as follows to the Office Action mailed September 13, 2001:

AMENDMENTS

In the Brief Description of the Drawings:

Please make the following changes.

Figure 1 is a schematic of a typical prior art industrial turbine, combined cycle power generation facility.

RECEIVED
FEB - 2002
TECHNOLOGY CENTER 2000

Claims:

Delete Claim 4.

Please add the claims 9-11, as follows.

-
9. A system for producing alternating current electrical energy comprising:
- (a) at least one industrial gas turbine for producing electric power; and
 - (b) at least one aeroderivative gas turbine for producing electric power; and
 - (c) at least one electric generator powered by said gas turbine.
